
A Ladybug and a Butterfly

FFT (ladybug) and Rule-30 (butterfly) graphs using circular-symmetry-oriented neato

(Note: post-edited to make edges undirected and clean a couple of artifacts)

Attributes: ffl-hb fft-comb odd even zero d-casz d center-up rule30val up next casz-ref casz-ref1

FFT: 2^5 points, Rule-30: 75 levels
